Contact Details:

We opened **The Heath Garden** here at the **London Irish Centre** back in 2018 and named it after the Grandmother of the Irish Centre - Meave Heath. After 40 years of service, and still maintaining the gardens beautifully, it was only right that such a wonderful lady is honoured in this way.

An outside space is almost impossible to find with a venue in central London so we're delighted to be able to offer this stunning and private space to our clients.
